

Oakland

The Oakland office of Condon-Johnson & Associates, open since 1974, serves as the home office of CJA. From here, CJA performs a variety of heavy civil engineering projects in the Bay Area as well as specialty subcontract work servicing Northern California and Northern Nevada.

Recent projects include drilled shafts, shoring and jet grouting at the Reno RETRAC; deep mixing at the Fourth Avenue Phase of the Bay Bridge Retro Fit, San Francisco; drilled shafts at the Benecia/Martinez bridge; and a large shoring project for the Letterman Digital Arts Project at the Presidio in San Francisco.
